

Noah Weidig

GIS Analyst & Data Scientist

noah@noahweidig.com · Orlando, FL · noahweidig.com · LinkedIn · GitHub · Google Scholar · ORCID

GIS & Remote Sensing Research Associate using remote sensing, GIS, and data science to turn complex geospatial data into clear insight about how our world changes. Focused on wildland-urban interface wildfire risk, land-use change, and spatial decision-making.

EDUCATION

Master of Science, Forest Resources & Conservation

University of Florida · Gainesville, FL

Thesis: Large Wildfire Patterns in the WUI · 4.0 GPA

Aug 2023 – Aug 2025

Bachelor of Science, Biological Sciences

Northern Kentucky University · Highland Heights, KY

Ecology, Evolution, & Organismal Track · 4.0 GPA

Aug 2018 – May 2022

EXPERIENCE

GIS & Remote Sensing Research Associate

University of Florida · Milton, FL

- Built reproducible spatial workflows for landscape-scale analysis of land-use and risk.
- Integrated remote sensing and vector data to characterize the wildland-urban interface.

Aug 2025 – Present

Graduate Research Assistant

University of Florida · Milton, FL

- Analyzed spatial patterns of large wildfires across the eastern U.S. WUI.
- Combined land-use, population, and fire data to assess community and regional risk.

Aug 2023 – Aug 2025

Research Assistant Intern

USDA Agricultural Research Service · Miles City, MT

- Collected, cleaned, and validated spatial datasets for downstream analysis.
- Supported GIS-based risk assessment and land-use planning workflows.

May 2023 – Aug 2023

Fire & Recreation Intern

Student Conservation Association / US Forest Service · Wise, VA

- Applied GIS to spatial planning and risk assessment for land management projects.

Jan 2023 – May 2023

Research Assistant

University of Cincinnati · Cincinnati, OH

- Conducted quantitative data analysis using advanced statistical modeling.

May 2022 – Jan 2023

CAD Design Specialist

Garage Living · Cincinnati, OH

- Developed detailed CAD drawings for client projects.

Sep 2021 – Jun 2022

Research Assistant

Northern Kentucky University · Highland Heights, KY

- Collected, organized, and analyzed ecological datasets.

Feb 2020 – May 2022

Elections Data Specialist

Boone County Clerk's Office · Burlington, KY

- Managed precinct-level GIS data for voter registration.

Aug 2017 – Feb 2020

SKILLS

LANGUAGES

R, Python, JavaScript, SQL

MARKUP

Markdown, LaTeX, HTML, CSS

LIBRARIES

tidyverse, pandas, NumPy, Plotly

GIS & REMOTE SENSING

ArcGIS Pro, Google Earth Engine, QGIS, GDAL, sf, terra, GeoPandas

WORKFLOWS

Git, GitHub, GitHub Actions, Conda, renv
